

DEED OF RESTRICTIONS

FOR

BEAUMONT FARM SUBDIVISION - UNIT 7-D

THIS DEED OF RESTRICTIONS is made and effective as of the 17 day of July, 2000, by HAYMAKER DEVELOPMENT CO., LLC, a Kentucky limited liability company (the successor by merger to HAYMAKER DEVELOPMENT CO., INC., a Kentucky corporation and hereinafter referred to as the "Developer").

WITNESSETH

WHEREAS, the Developer is the owner of Unit 7-D, of the Beaumont Farm Subdivision to the City of Lexington, Fayette County, Kentucky, as shown by that Final Record Plat of record in Plat Cabinet K, Slide 854, in the Fayette County Clerk's Office (the "Subdivision"); and

WHEREAS, the Developer desires to establish a general plan for the use, occupancy and enjoyment of the residential lots within the Subdivision; and

WHEREAS, in an effort to maintain uniformity in said use and occupancy, the Developer desires to create certain restrictions as to the lots in the Subdivision.

NOW, THEREFORE, the Developer does hereby establish the following covenants, conditions and restrictions as to the use and occupancy of all lots in the Subdivision as follows:

1. PRIMARY USE RESTRICTIONS: No lot in the Subdivision shall be used except for private single family residential purposes. No structure shall be erected, placed or altered or permitted to remain on any lot except one single family dwelling designed for the occupancy of one family (including any domestic servants living on the premises), not to exceed two and one-half stories in height. Any residence constructed upon a lot shall contain an attached private garage, large enough to accommodate at least two (2) automobiles.

2. APPROVAL OF CONSTRUCTION PLANS: No building, fence, wall, structure or other improvement (including a detached garage) shall be erected, placed or altered on any lot until the construction plans, specifications and a plan showing the grade elevation (including rear, front and side elevations) and location of the structure, fence, wall or improvement, the type of exterior material and the driveway (which shall be of concrete) shall have been approved in writing by Developer or by any person or association to whom it may assign such approval right. The Developer may vary the established building set-back lines, at its sole discretion, where not in conflict with applicable zoning regulations.

3. BUILDING MATERIALS:

A. At least 65% of the exterior surface of each house and any other structure (excluding the roof, doors and windows) shall be constructed of brick. All construction shall be finished to grade level and there shall be no exposed concrete, concrete block or stucco

MAIL TO:

GLENN A. HOSIGNS, ATTY.
P.O. BOX 55254
LEXINGTON, KY 40555

foundations permitted (unless necessitated due to the grade of the lot, in which case, such exposure shall be kept to a minimum with the approval of the Developer). The lower elevation of any brick "skirt" around the base of any house shall be no higher than four (4") inches above the natural grade level of the ground (not the grass). No other exterior building materials shall be permitted without the prior written approval of the Developer.

B. All roof shingles shall be of the "dimensional shingle" type, and of a dark or "earth-tone" color (as hereinafter defined), or black in color. No white or light color shades of shingles shall be permitted.

C. All non-brick surfaces of all houses and other structures (whether they are painted surfaces, vinyl siding, etc.) shall be of earth-tone colors (as hereinafter defined), except that roof shingles and window shutters may be black in color. Notwithstanding the foregoing, window frames, grills, casing and other window trim components may be white (or "off-white") in color.

D. For purposes hereof, "earth-tone" colors are defined as being warm, muted colors ranging in the color spectrum from neutral to deep brown. By way of example and not by way of limitation, the following colors are **not** considered to be "earth-tone" colors: white, yellow, green, orange, red, blue, pink, purple and black.

4. SETBACKS:

(a) No structure shall be located on any lot closer to the front lot line or the side street line than the maximum building set back line on the recorded plat, except bay windows, steps, and open porches may project into said areas not more than six (6) feet. Side yards shall have a minimum set-back requirement of three (3) feet, or as required by existing zoning regulations, whichever is greater. The provisions of this Paragraph shall be deemed to be complied with if the average set-back of the front or side of the structure satisfies the set-back line requirements set forth on the recorded plat.

(b) The Developer may authorize variances from compliance with any of the foregoing set-back requirement provisions when circumstances such as topography, natural obstructions, hardship, aesthetic, or environmental considerations require, but only in accordance with duly adopted rules and regulations. Such variances may only be granted, however, when unique circumstances dictate, and no variance shall (a) be effective unless in writing, (b) be contrary to the restrictions set forth in the body of these Restrictions, or (c) estop the Developer from denying a variance in other circumstances. For purposes of this Section, the inability to obtain approval of any governmental agency, the issuance of any permit, or the terms of any financing shall not be considered a hardship warranting a variance.

5. MINIMUM FLOOR AREAS:

(a) All one (1) story houses shall have a minimum floor area of 1,400 square feet on the ground floor, exclusive of the garage.

(b) A one and one-half (1½) story or two (2) story house shall have a minimum aggregate floor area of 1,700 square feet, or a minimum floor area of 900 square feet on the first floor, exclusive of the garage.

(c) Any other type of house not specifically listed above shall have a minimum floor area of 1,700 square feet, exclusive of the garage, and its design must first be approved of by the Developer.

(d) In computing total square feet, only habitable living space shall be included; basements (whether finished or not), garages and porches (open or enclosed) shall not be included.

6. NUISANCES; UNSIGHTLY OR UNKEPT CONDITIONS: No obnoxious or offensive trade or activity shall be conducted on any lot and nothing shall be done which may become an annoyance or nuisances to the neighborhood. It shall be the responsibility of the owner of each lot to prevent the development of any unclean, unhealthy, unsightly, or unkempt condition on such lot. The pursuit of hobbies or other activities, including specifically, without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices which might tend to cause disorderly, unsightly, or unkempt conditions, shall not be pursued or undertaken on any lot.

7. USE OF OTHER STRUCTURES AND VEHICLES:

(a) No temporary structures, including temporary tool sheds and/or field offices used by builders, shall be permitted on any lot without the prior written consent of the Developer, and then, only upon such terms as the Developer shall agree to.

(b) No outbuilding, trailer, tent, garage, barn or other similar structure erected on a lot shall be used as a residence at any time.

(c) No trailer, truck, commercial vehicle, camper trailer, camping vehicle or boat shall be parked or kept on any lot at any time except on a short-term basis or unless said vehicle is housed in a garage or basement; no inoperable automobile shall be parked on any lot or street, unless housed in a garage; and no vehicle shall be parked on any street in the Subdivision except on a short-term basis.

8. GARAGES: All garages shall be attached to the residence. For purposes of this Paragraph, garages connected by a permanent overhead walkway shall be considered to be an attached garage. Each residence must have a garage large enough to accommodate at least two (2) automobiles.

9. SODDING AND LANDSCAPING: After the residence has been constructed, the lot owner shall be responsible for grading and sodding between the front, side and street side walls and the pavement or any abutting streets. In addition, the area between the back wall of the

house and a line parallel and twenty (20) feet to the rear of the back wall of the house must be sodded.

10. SIDEWALKS and DRIVEWAYS: The owner of each lot shall be responsible for constructing, at his or her expense, the sidewalks along the front of each lot. Each lot owner shall be responsible for concreting a tapered sidewalk apron of that lot's driveway with curb cuts and related concrete work to be in a material and in conformity with the Developer's plan and the rules and regulations of the Lexington-Fayette Urban County Government; and each lot owner agrees to provide and maintain sidewalks on that lot, at the lot owner's expense. Each lot owner shall complete the driveway and sidewalk within fourteen (14) days after completion of a single family dwelling. All driveways shall be composed of concrete.

11. BUSINESS/HOME OCCUPATIONS: No trade or business of kind (except for home occupations allowed under the applicable zoning ordinance where the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the residence, does not involve large number of persons coming onto the lot, and is consistent with the residential character of the Subdivision) and no practice of medicine, dentistry, chiropody, osteopathy and like endeavors, shall be conducted on any lot, nor shall anything be done thereon which may become an annoyance or nuisance to the neighborhood. Notwithstanding the provisions hereof or of Paragraph 1 above, a new house may be used by the builder thereof as a model home for display or for the builder's own office, provided said use terminates within two years from completion of that house.

12. TREES: Upon completion of construction of the residence on each lot, the builder or owner, as the case may be, shall be responsible for planting "street trees" in accordance with the recorded plat referred to on Page 1 hereof in conformity with the Lexington-Fayette Urban County Government Regulations. Unless otherwise agreed to by the Developer in writing, all of such "street trees" shall be of the "sugar maple" species. In addition, upon the completion of the residence, the builder or owner, as the case may be, shall plant two (2) shade trees in the back yard of the lot. Upon the failure of any owner to comply with the provisions of this Paragraph, the Developer or any person or association to whom Developer may assign the right, may take action to comply with the terms of this Paragraph and shall be reimbursed by the owner for the expenses incurred in complying with this Paragraph.

13. FENCES: **No chain-link, wire or stockade fences or walls shall be constructed or permitted on any lot.** No other type of fence or wall may be constructed or permitted on any lot without the prior written approval of the Developer (or its designated representative) as to type and location, and no fence or wall may exceed five (5) feet in height. No fence or wall of any nature may be extended toward the front or street side property line

beyond the rear corners of the residence without the prior written approval of the Developer or its authorized representative.

14. HEDGES: No hedge shall be planted on any lot unless its placement and planning are approved in writing by the Developer.

15. MAILBOXES AND PAPERHOLDERS: To insure uniformity, all mailboxes shall be of a decorative "wrought iron" design, painted with a semi-gloss black finish. The house address number shall be mounted on both sides of the mailboxes with gold vinyl lettering, two (2") inches high. Any deviations from this requirement shall require the Developer's written approval; provided however that this provision is subject to the United States Postal System's requirements.

16. BASKETBALL EQUIPMENT, CLOTHESLINES, GARBAGE CANS, TANKS, POOLS, ETC.: All basketball goals, garbage cans, above-ground tanks, and other similar items shall be located or screened so as to be concealed from view of neighboring lots, streets, and property located adjacent to such lot, except that basketball goals may be placed so as to be visible to adjoining lots if its backboard is glass or of a transparent material. All rubbish, trash, and garbage shall be regularly removed from the lot and shall not be allowed to accumulate thereon. No clotheslines shall be permitted on any lot. No above-ground pools shall be erected, constructed or installed on any lot.

17. DRAINAGE AND IRRIGATION: Drainage of each lot shall be in conformity with the general drainage plan of the Subdivision; no storm water drains, roof downspouts or ground water shall be integrated into the sanitary sewer system, and all lot connections shall be made with water-tight joints in accordance with plumbing code requirements. No sprinkler or irrigation systems of any type which draw upon water from creeks, streams, rivers, lakes, ponds, canals or other waterways within the Subdivision shall be installed, constructed or operated within the Subdivision unless prior written approval has been received from the Developer. All sprinkler and irrigation systems shall draw water only from the local water company, unless otherwise approved by the Developer.

18. DISPOSAL OF TRASH: No lot shall be used as a dumping ground for rubbish, trash or garbage, and any and all such waste shall be kept in suitable sanitary containers.

19. ANIMALS: No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, with the exception of dogs, cats and other household pets (meaning the domestic pets traditionally recognized as household pets in this geographic area), provided that such pets are not kept, bred or maintained for commercial purposes, and provided that such pets be kept within an enclosed area and not permitted to run or stray upon other lots unless on a leash or under direct control; further, when pets are walked, they are to be kept off the medians at all times.

20. OWNER'S DUTY TO MAINTAIN PROPERTY: Each lot owner shall keep the grass properly cut, keep the lot free from weeds and trash, and keep the lot neat and attractive. If a lot owner fails to so maintain the lot, the Developer, or its assignee, may take any action it deems appropriate to make that lot neat and attractive, and the owner shall, upon demand, reimburse the Developer for any expenses incurred.

21. SIGNS: No signs of any kind shall be displayed on any lot, with the exception of For Sale or Rent signs [which shall not be greater in size than nine (9) square feet] and signs deemed acceptable or necessary by the Developer.

22. UTILITIES: Each lot owner shall be responsible for preserving and protecting underground utilities located on the lot; no utility lines of any kind may be above ground unless approved by the Developer.

23. GARDENS: No vegetable gardens shall be planted or extended nearer the street than the rear yard of any residence, and in no event shall be nearer than twenty (20') feet from the right-of-way line of any street.

24. ANTENNAS OR SATELLITE DISHES: No lot owner shall install an exterior antenna, aerial, satellite dish or telecommunications unit in excess of 18" in diameter on a lot unless approved by the Developer in writing.

25. SUBDIVISION/ONE BUILDING PER LOT: No additional subdivision of any lot shall be made without the written consent of the Developer and any appropriate governmental bodies; further, no more than one (1) building shall be built on any lot; however, this restriction shall not include pool houses, gazebos or similar structures which have been approved by the Developer.

26. OBLIGATION TO CONSTRUCT OR RECONVEY: Every lot owner shall, within fifteen (15) months after the date of conveyance of the lot without a dwelling thereon, commence in good faith the construction of a single family dwelling, approved according to Paragraph 2 above; provided that should construction not commence within the fifteen (15) months period of time, the Developer may elect to repurchase any and all lots on which construction has not commenced for a purchase price equal to ninety percent (90%) of the agreed purchase price of said lot or lots hereunder, in which event the lot owner shall immediately reconvey and deliver possession of, and marketable title to, said lot or lots to the Developer.

27. ZONE CHANGES: No zone changes for any portion of the Subdivision shall be applied for without the prior approval of the Developer.

28. ROOF PITCH: No roof on any residence shall be less than a 6/12 pitch unless approved in writing by the Developer.

29. LIGHTING: Except for seasonal Christmas decorative lights, which may be used between November 15 and January 10 only, all exterior lights must obtain the prior written approval of the Developer.

30. ARTIFICIAL VEGETATION, EXTERIOR SCULPTURE, AND SIMILAR ITEMS: No artificial vegetation shall be permitted on the exterior of any portion of the Properties. Exterior sculpture, fountains, flags, and similar items must be approved in writing by the Developer.

31. CHIMNEYS: No cantilevered fireplace chimneys will be permitted, and any "direct vent fireplace system" shall require the prior written approval of the Developer or its authorized representative. All fireplace boxes which extend out from the exterior wall of a house must have exteriors constructed of brick.

32. ENERGY CONSERVATION EQUIPMENT: No solar energy collector panels or attendant hardware or other energy conservation equipment shall be constructed or installed upon any lot unless it is an integral and harmonious part of the architectural design of a structure, as determined in the sole discretion of the Developer.

33. LAKES: All lakes, ponds, and streams within the Subdivision shall be aesthetic amenities only, and no other use thereof, including, without limitation, fishing, swimming, boating, playing, or use of personal flotation devices, shall be permitted. The Developer shall not be responsible for any loss, damage or injury to any person or property arising out of the authorized or unauthorized use of lakes, ponds, or streams within the Subdivision.

34. DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS: The Developer and Beaumont Investments LLC, a Kentucky limited liability company, have previously executed an instrument captioned "Declaration of Covenants, Conditions and Restrictions for Beaumont Residential Community", which appears of record in Deed Book 1807, Page 447, in the Fayette County Clerk's Office (the "Declaration"). These covenants and restrictions are being created in order to establish a general plan for the use, occupancy and enjoyment of the entire residential component of the Beaumont Farm development (the "Beaumont Residential Community") and to further refine the effect of the Declaration upon the lots in the Subdivision, and in the event of any inconsistency between the terms of the Declaration and the terms of these covenants and restrictions, the terms of these covenants and restrictions shall control.

35. MAINTENANCE FEES: Every lot owner shall be required to pay an annual maintenance fee (initially set at \$150.00 per year per lot) to the Beaumont Residential Association, Inc. (the "Association"), pursuant to Article X of the Declaration and Paragraph 36.C. below. The maintenance fees payable to the Association shall constitute a lien on that lot and any improvements thereon, but shall be subordinate to a first mortgage or vendor's lien

placed on the lot. The maintenance fee for any given year shall apply to the period commencing with the date the owner takes title to the Lot, irrespective of when the owner resides on that lot.

36. RECREATIONAL FACILITIES: The Developer has made an arrangement with the Young Men's Christian Association (the 'YMCA') to construct, at the YMCA's expense, within the Beaumont Residential Community an indoor athletic/recreational facility, which shall be owned and operated by the YMCA (the "Private Amenity").

A. The membership in the Private Amenity by the owners of the lots in the Subdivision shall be at the **option** of the lot owner. The initiation fee (if any) and membership dues payable by each member shall be established by the operator of the Private Amenity, and adjusted from time to time.

B. In addition, the Developer shall have the right to construct (or to cause a third-party to construct) within the Beaumont Farm residential development a clubhouse facility to accommodate social functions, meetings, etc. of residents of the Beaumont Residential Community (including the Subdivision), with the expenses associated with such a facility to be brought within the definition of Common Expenses of the Association as defined in Section 1.8 of the Declaration, and allocated among the owners of all lots within the Beaumont Residential Community (including the owners of the lots comprising the Subdivision) who are entitled to utilize such clubhouse facility as a part of their General Assessment defined in Section 10.1 of the Declaration. To the extent that the terms of this subparagraph B are inconsistent with the terms of either (i) the last sentence of Section 2.4 of the Declaration, or (ii) Article X of the Declaration, the terms of this subparagraph B shall control.

C. Unless otherwise conveyed to the Association by deed or other written instrument, swimming pools, tennis courts and other similar recreational facilities situated within the Subdivision or upon any other portion of the Beaumont Residential Community (hereinafter the "Recreational Amenity Facilities") shall be owned by the owner of the underlying real estate (the "Recreational Facilities Owner"), which may or may not be the Developer, and neither the Association nor the owner of any lot shall have any claim of ownership with respect to the Recreational Amenity Facilities in the absence of a specific agreement between the lot owner and the Recreational Facilities Owner. The criteria for membership in or use of the Recreational Amenity Facilities and the rules pertaining thereto shall be at the sole discretion of the Recreational Facilities Owner, and may be changed from time to time by the Recreational Facilities Owner.

37. PRESERVATION OF FARM ROAD FENCES AND TREE LINES: **Any existing or proposed fence lines built along and trees growing along the historic farm roads which transverse throughout the Subdivision shall be preserved. No such fence or tree may be removed or torn down without the Developer's prior written consent, and any person or**

entity who violates this provision shall be responsible for reimbursing the Developer or the Association, as the case may be, for the costs incurred in replacing the fence or tree(s) improperly removed or damaged. Such fences and trees shall be maintained by the Association, and the costs of such maintenance shall be a common area expense allocated among the owners of all Lots in the Beaumont Residential Community pursuant to Article X of the Declaration.

38. SEVERABILITY OF PROVISIONS: Invalidation of any one of these provisions by judgment or Court order shall not affect any other provisions hereof which shall remain in full force and effect.

39. RESTRICTIONS BINDING UPON BUILDERS AND CONTRACTORS: These covenants and restrictions shall be binding upon and enforceable against a builder or contractor engaged by the owner of a lot in the Subdivision to construct a house or any other improvements upon the lot. The lot owner shall be responsible for ensuring that the builder/contractor is made aware of, and complies with, these covenants and restrictions.

40. AMENDMENTS: These covenants and restrictions may be amended at any time by the Developer, provided that the Developer still owns at least one (1) lot or tract of land in the Beaumont Residential Community, and (a) the minimum floor area requirements set forth in Numerical Paragraph 5 are not decreased thereby, (b) the amendment does not discriminate against the owner of any lot in the Subdivision, unless such owner consents to the amendment in writing, and (c) written notice specifying the nature of the amendment is sent to the owner of each lot in the Subdivision at least thirty (30) days prior to the effective date of such amendment. Furthermore, these covenants and restrictions may be canceled or amended at any time by the affirmative action of the owners of seventy-five percent (75%) of the lots subject to these restrictions, except that (x) no such cancellation or amendment shall affect the provisions of Paragraphs 35 and 36 hereof unless the Developer consents to same in writing, and (y) the Developer's written consent to any such cancellation or amendment shall be required if the Developer still owns any lots or tracts of land within the Beaumont Residential Community. No amendment to these covenants and restrictions relating to the construction criteria of houses built upon any lot in the Subdivision shall be applicable to any house the construction of which commenced prior to the date such amendment is recorded in the Fayette County Clerk's Office.

41. RESTRICTIONS RUN WITH LAND: Unless canceled, altered or amended under the provisions of this or the preceding Paragraph, these covenants and restrictions are to run with the land and shall be binding on all parties claiming under them for a period of thirty (30) years from the date this document is recorded, after which time they shall be extended automatically for successive periods of ten (10) years, unless an instrument signed by (a) a majority of the then owners of the front footage of all lots in Unit 7-D of the Beaumont Farm

Subdivision, and (b) the Developer if the Developer still owns any lots or tracts of land within the Beaumont Residential Community, has been recorded, agreeing to terminate these restrictions and covenants in whole or in part. The failure of any owner to demand or insist upon observance of any of these covenants and restrictions, or to proceed for restraint of violations, shall not be deemed a waiver of the violation or the right to seek enforcement of these restrictions.

IN WITNESS WHEREOF, the Developer, Haymaker Development Co., LLC, a Kentucky limited liability company, has executed this Deed of Restrictions on this the day and year first above written.
